Of the adjustment \$3 million is recorded in cost of sales and \$1 million is recorded in depreciation. Geographically, \$3 million is recorded in North America and \$1 million in Europe, South America and India.

(b) Includes pre-tax expenses of \$1 million, \$1 million after tax or \$0.02 per share for costs related to refinancing activities.

(c) Includes tax benefits of \$6 million or \$0.10 per diluted share related to income generated in lower tax rate jurisdictions as well as adjustments to tax estimates.

(d) The adoption of the new accounting guidance in Accounting Standards Codification (ASC) 860, "Accounting for Transfers of Financial Assets, an amendment to FAS No. 140" in the first quarter 2010 requires Tenneco to account for its accounts receivable securitization program in North America as secured borrowings. As a result, this impacted the statements of income by decreasing the loss on sale of receivables and increasing interest expense by the same amount.

(e) Includes restructuring and related charges of \$3 million pre-tax, \$2 million after tax or \$0.04 per diluted share. Of the adjustment \$1 million is recorded in cost of sales, \$1 million is recorded in SG&A and \$1 million is recorded in depreciation. Geographically, \$1 million is recorded in North America and \$2 million in Europe, South America and India.

(f) Includes charge of \$5 million pre-tax, \$3 million after tax or \$0.07 per diluted share related to environmental liabilities of a company Tenneco acquired in 1996, at locations never operated by Tenneco, and for which that acquired company had been indemnified by Mark IV Industries, which declared bankruptcy in the second quarter 2009.

(g) Includes tax charges of \$18 million or \$0.39 per diluted share primarily related to the impact of recording a valuation allowance against the tax benefit for losses in the U.S. and certain foreign jurisdictions.
