

Ernie Keith is Tenneco's senior vice president and chief supply chain officer, responsible for leadership of the company's global supply chain infrastructure. When DRiV™ spins from Tenneco, Keith is expected to serve in the same position with DRiV, pending completion of all required steps and related board approvals.

Before joining Tenneco in 2018, Keith served as COO of North Atlantic Industries. Prior to that, he spent 11 years with Arrow Electronics, the last four of which as senior vice president, global services, overseeing the company's supply chain excellence. In addition, Keith spent 18 years with Hewlett Packard in roles of increasing responsibility. He began his career as an engineer with Chevron Corporation.

Keith holds bachelor's degrees in both electrical engineering and mechanical engineering from the University of Idaho.
