

---

**John Wehrenberg** is President of Tenneco's Performance Solutions business group and a member of Tenneco's Executive Leadership Team. He is responsible for the Performance Solutions group's five business units – Advanced Suspension Technologies, Ride Control, Braking, NVH Performance Materials and Systems Protection.

Prior to being promoted to his current role in April 2021, Wehrenberg served as the company's vice president and general manager, Americas Clean Air, responsible for leading the company's Clean Air business in North and South America.

Wehrenberg originally joined Tenneco in 2018 from automotive seating and interior trim supplier Futuris Group, where he was chief operating officer for North America. Prior to that, he was vice president for product line management at Commercial Vehicle Group, and held positions of increasing responsibility at companies including Nelson Global Products; Teleflex, Inc., where he headed commercial operations in Asia; and ArvinMeritor.

Wehrenberg holds a bachelor's degree in economics from DePauw University in Indiana and an MBA from the Darden School of Business at the University of Virginia.
